NCEES launches national surveying education award

NCEES is pleased to announce the inaugural NCEES Surveying Education Award. This annual award will recognize surveying programs that best reflect the organization's mission to advance licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the public.

NCEES will award a \$10,000 prize to up to 10 qualifying programs to assist with each program's continued efforts to promote the importance and value of licensure. Surveying education programs are encouraged to visit ncees.org/surveyingaward to learn more and complete the application process.

All applications and supporting documentation must be received by NCEES on or before June 1, 2016. Award recipients will be notified after July 1, 2016.

ABOUT NCEES

The National Council of Examiners for Engineering and Surveying is a nonprofit organization made up of engineering and surveying licensing boards from all U.S. states and territories and the District of Columbia. Since its founding in 1920, NCEES has been committed to advancing licensure for engineers and surveyors in order to safeguard the health, safety, and welfare of the U.S. public.

NCEES helps its member licensing boards carry out their duties to regulate the professions of engineering and surveying. It develops best-practice models for state licensure laws and regulations and promotes uniformity among the states. It develops and administers the exams used for engineering and surveying licensure throughout the country. It also provides services to help licensed engineers and surveyors practice their professions in other U.S. states and territories. For more information, please visit ncees.org.
